Student mentoring system is being implemented successfully in the college. Under the supervision of principal, student mentoring committee is formed for smooth working. Each faculty has been allotted near about 30 to 40 students for the mentoring by the committee. It helps the students to know more about college campus, the facilities provided to them by the college and also resolving their personal problems concerned with academics and also their doubts. This system helps to strengthen the teacher-student relationship in the campus. Faculties remain in touch with the students to assist them, to help them whenever students need it. The records of the meeting with the students, the problem resolved, and their personal details are kept. The mentors are responsible for academic progress and psychological well being of their mentees. Besides, mentors also monitor the attendance and the academic progress of the students. At the beginning of every academic year, the mentors guide and inform the mentees about the institution, its goals and missions and about the infrastructure. The biographic details of each mentee are kept in the files. Moreover, mentoring system helps to decrease students' dropout rates. In this process, teacher-student individual meeting encourages the students to feel free to ask for the help regarding the campus needs of the students. Mentors also remain in contact with the parents to counsel them with the future of the main wards. The intension of implementing this system in the institution is that it is a student oriented activity, that supports them in various ways.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

At the very beginning of every academic year, students are informed about the internal evaluation structure and its importance. Internal evolution has been given the weightage in the overall academic development of the students. Class tests are conducted with tutorials in both the semesters respectively. The record of the student's performance is maintained that helps to evaluate his progress in each subject. Assignments, class seminars, and project works also play vital role in the evaluation process. Faculties give importance to the active classroom participations of the students that result in group

discussions, field tours, excursion and industrial visits. Students are provoked to conduct seminars and to participate in various quiz competitions. Study tours to various places make the students competent and aware of the new environment and new things. All these internal evaluation attempts improve the overall knowledge and personality of the students.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

An academic calendar is prepared and distributed at the beginning of every academic year in compliance with the university academic calendar. It displays the complete year's schedule for the students and the faculties. Academic programmes, co-curricular activities, staff meetings, committee meetings, class tests, university exams, holidays etc. are mentioned in an academic calendar. It helps the teachers and the students to manage and follow the schedule properly and effectively. The committee is formed to prepare this academic calendar at the beginning of every academic year. Committee almost mentions all the curricular and co-curricular activities to be implemented throughout the year under the guidance of principal and IQAC. College informs and displays notices and circulars related to various curricular and co-curricular activities, examinations, etc. for the students. College also uploads academic calendar on college website every year.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice: I- Earn and Learn Scheme:- Goal:- To give financial help to economically poor and needy students to avail higher education and to develop field work attitude in students. The context: As the students of our college mostly belong to rural area and since the bad economic condition they are not getting higher education. This scheme is basically undertaken for the benefit of students coming from the rural areas who are economically backward, intelligent but cannot afford higher education. This scheme helps to develop self dependence among students. In our college this scheme is run under the name Late. Vasantraoji Kale Swambhiman Shikshan Yojana. It inculcates the idea that no work is big or small and develops a work culture with the right aptitude among the students. The principal Dr.D.B. Kshirsagar, has formed a committee. This committee identifies the students who are needy but financially poor. The Practice: Earn and Learn scheme is being undertaken at graduate and post graduate level under the Jurisdiction of Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. Every year proposal for financial assistance is submitted to student welfare department of our university up to 15 August Rs. 10000/- amount is sanctioned in 2019-20 after sanction of this scheme, those students who are interested are to fill up the necessary application form,

which is then scrutinized by an appropriate committee. There after the needy and poor students of the college are selected and enrolled for the scheme. 20 students were selected in 2019-20. Every student is given maximum work of 2 hours each day. The scheme was implemented for five (sept. 14 to Jan 15) months in the academic year 2019-20. The students were given the work in different fields namely library work ,technical work, field work. According to their skills on the occasion of festivals like Dipawali student made Akash Kandils, candaes etc. field work includes working in garden, play grounds, cleanliness of campus etc. All students get equal opportunity to get all kinds of work. Students working under this scheme are paid an honorarium per day. At the end of the year the annual accounts of utilization was submitted to the university. Evidence of success: It is fact that many of students of our college come from rural area and they are very poor economically. Those students who are selected under this scheme got financial support and as a result completed their degree in first class. Many of the students got admission for post graduate courses at university level and they got higher education due to earn and learn scheme.

Resources: Financial assistance to the extent of fifty percent of the expenditure incurred by the college and 50 by student welfare department Dr.

B.A.M.U. Aurangabad. There is an appropriate committee constituted by our principal for the implementation of the scheme. The department like NSS also helps to the scheme by providing tools and necessary goods. Best Practice: - II

- Student mentoring system: Goal:- For the overall development of students and improve the interaction between teachers and students. The Context: The current class teaching scenario wherein only the class teacher alone is in contact with

the student of respective class to some more extent. However rest of the faculties have not enough interaction with the students. To overcome this barrier, the college has introduced the student mentoring system to fulfil the

following tasks. • To take interest in developing students career and well being. • To have interpersonal and professional relationship with mentees. Some faculty limit the responsibilities of mentoring to simply discharging their

role as advisor however, assigned advisors are more effective who play important role in development of future of students. The role of advisor is limited to guiding academic progress but the role of mentor is focused on

advancing students career through interpersonal relation that facilitate sharing guidance experience. The practice:- Each mentor is allotted with 40-50 students. The students allotted to each mentor on the basis of subject and

classes handled by the mentor. The care was taken that each student will have the same mentor for the next three years of his graduation. The proforma has been designed for the personal details of the students including his family

details. Each mentor is asked to prepare a details of the activities to be undertaken per semester and to distribute among the mentees allotted to him for this, mentor conducts the initial meetings so as to get information what kind

of mentoring they need by asking few questions .In these meetings, mentor points out individual strength and weakness of mentees so as to plan the activities and guidance. Each mentor assess his mentees through various

meetings and report his progress to guardians of mentees through meeting with them at the end of every month. Mentor also note down some constructive suggestion by parents. Evidence of Success:- Effective mentoring good for

mentors, mentees and good for the discipline. One of the successes to implement mentoring system is the dropout rate of the college minimized. The student's attendance per class has increased remarkably. For mentees Student-Teacher

strong bond is developed. It has helped to improve communication skills, social skills. Students felt connected and shared their difficulties. For College Mentoring system has been highly appreciated by the mentee's parents. The

discipline has been improved in the college campus. Involvement of knowledge source in the actual education process. It has developed of good support service. It is step ahead towards student-teacher communication. It served

young students in a more responsible way in College campus College has

indirectly set a role model as a mentor in front of students. Mentor is introduced to the important issues of students. Mentor as a caring adult has to improve communication skills. Mentors developed insight for student's problems and stress. Mentor experience the problems of mentees and get closer to students from different socio economic status. Mentors felt, it is an opportunity to cooperate adolescents to nurture career Resources: Willingness of faculty members to adapt 40-50 students as their mentees for their overall development and inculcate value education among them so as to make them employable.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

7.3.1 Institutional Distinctiveness: Organization of Drama festivals Music programs are few distinctive features of our college which have proven a valuable lens to view the inner world of students and thereby enable their holistic development. To show the hidden talents of the students, the colleges have been providing so many opportunities in terms of infrastructure and education through cultural activities. The department of Dramatics and department of Music are happening to be the backbone of cultural activities organized by the college. Day-by-day the college is getting recognition as a cultural hub in the area. The department of Drama and Music have been started in the year 1998 with envision of creating likings towards the cultural programs and Art among the students specially students from rural areas. These two departments shouldered the responsibilities to provide a concrete platform for students to perform at national level. Beside the other subjects, college offered an education in music and Dramatics as an optional subject at graduation and post graduation level. Certificate and diploma courses are also offered through the cultural department. Following achievements of our college are the evidences of our distinctiveness of our college 01 drama festival, 01 Drama training workshops for school children, One night for senior citizens program were organized in last year. 03 full length dramas are produced in last few years. Cultural department has valuable contribution towards social responsibility - Participated and conveyed various social messages through social rallies, one act plays, street plays, AIDS rallies, drought conditions, and female feticide etc. Students are participated in University Youth Festivals and in many state level one act play competitions in last year. Suhas Sirsat, Priyanka Jadhav, Rahul Chate, Baliram Garad, Pramod Ramdasi, and Deepak Nair are former students who are performing in many professional dramas and television serials. Many former students of our college have been members of Drama Sensor Board, Mumbai. Many former students of our college are now professional singers and Artists. Soheli Mulani was participated in "Gaurav Maharashtra" (Pride of Maharashtra) Music competition on Marathi television music competition and he was reached to the finale round. Shripad Limbekar (Student of our college) is awarded with Classical music award named 'Pandit Vasantrao Deshpande'. One of our students 'Miss Ankita Kalantri' has sang a playback song for a Marathi movie "Ajoba Tumhi Parat Ya Na". Rainy Song competition, Gurupoornima Sangeet Mahotsav (Music Competition), Light Music Program on Gazals, Folk Music, Antakshari Program, and many more programs are organized in college every year. One of the cultural activities well appreciated by the parents and local society is organization of Summer Vacation Camp wherein many students are trained every year.
